EGFE Annual Event 2017

Our EGFE annual event was held on May 18th in the Piaf Garden at Hayarkon Park in Tel Aviv.

The afternoon began with a guided tour along the Yarkon river and an interactive learning experience with the Council for a Beautiful Israel.

We had a unique opportunity to learn about sustainable living, water sustainability in Israel, green energy and the impact we have on our environment.

The main event began with a cocktail reception followed by a delicious

dinner. We loved seeing so many familiar faces; a majority of clients who have been with EGFE for many years, and others who have just become a part of the EGFE family. We want to thank everyone for attending; your presence helped make the event a great success.

Mike started his traditional speech mentioning some of the leaders of our generation and their goals for improving a quality of life and giving back to society. He then spoke of trends that combine caring for the environment with technological advances affecting our financial world, such as: sky high farms and emission-free transportation.

Mike mentioned the dramatic changes in the world's gas trade, in which Energtek's ability to deliver natural gas at half the

price as polluting alternatives could make a huge impact on the earth's atmosphere. EGFE is working tirelessly to raise funds for this project and will continue to update its clients. Golan Sapir was our guest speaker for the evening. Golan, an expert in investments and finance and a professor with many years' experience, spoke of the future of the financial market in Israel, the changes in interest rates in the US and in Israel and introduced our joint new product "Sharap Plus".

Once the formalities were over, it was time for some music. Two fantastic musicians, Tsahi Halevi and Carmi Shimron, filled the air with a variety of different styles of music: from pop and jazz to middle eastern and Israeli. We took a short break for our very own EGFE talent show and then continued with a dance party.

You can see photos from the event on our Facebook page. In July you'll find them also in our new updated website.

The Growing EGFE Team

EGFE prides itself not only with great investment opportunities, but also in the highest level of service. With our clients' needs in mind, EGFE recently recruited new team members to join Mike Ben-Ari and Susie Shifrin.

Ellen Madison started working at EGFE in September 2016 as Marketing Manager. Eliaou Perez is our new Accounting and Report Manager, who began working in February 2017. Tali Bar-Gil joined in April 2017 and is the Sales Support Manager.

Together, we will bring to you quality investment opportunities, new products, and provide you with superb customer service.

We wish everyone a wonderful year,

The EGFE team.

Online Presence

In today's world of information and social media, having an online presence is essential. As part of our effort to keep our clients up to date on EGFE products and activities, we have increased our online presence.

Our new Facebook page is continuously being updated and offers an opportunity to receive prompt updates about EGFE. We invite you to "like" and "follow" our Facebook page at:
www.facebook.com/EGFELtd

We will be launching our new website in July where you can read about EGFE, the team, our mission statement, products, and services, browse related articles and see pictures from previous annual events. Please visit our website at: www.EGFE.com

Stock picks

As you know, EGFE focuses on safe and solid investments and we do not sell stock market - correlated products. But in the interest of helping those clients who do invest in stocks, we provide a list with the provision that we are not recommending them nor are we responsible for any gains/losses if one purchases them. You will be able to follow our stock picks on our new website starting in July.
